WHITE MAN LYNCHED BY MOB AT DALTON

Self Confeesed Outrager of His Step Daughter.

HUNG TO VIADUCT CROSSBAR

He Was Placed in a Buggy Which Was Driven from Under Him and He Was Left Dangling to Slowly Choke to Death.

Dalton, Ga., July 2.—About 10 o'clock on Sunday morning, in the presence of Jailer Sam Britton, Rev. W. H. Bird and Policeman Jackson, Dock Posey, a middle-aged white man living at Rocky Face, Ga., just 5 miles above the city, confessed to having raped his 9-year-old stepdaughter Saturday, thus acknowledging himself as the fiend who committed the most atrocious crime ever brought to light in this section of the country.

At 11 o'clock Sunday morning, Posey came to the city with his young victim and went to the office of Dr. Wood. The physician was out of his office, so the two immediately went to the office of Dr. J. S. Rollins, who, on making an examination and seeing the critical condition of his patient, quickly summoned Drs. McAfee and Erwin. The girl was given all attention possible, but at present her condition is so serious that there is little chance of her recovery.

Tried to Hide Crime.

Officers were notified and Posey was taken to the Whitfield county jail, where he was locked in the murderer's cell.

At first he denied his guilt, but on Sunday morning he made a complete confession, telling exactly how the deed was committed. He said that after accomplishing his foul purpose, he tried to wash the tell-tale signs from his daughter, but, seeing her critical condition, he decided to get her to a place where a doctor could take the case.

As soon as the young girl was able to talk, she said that her step-father had abused her, and she held to this statement so firmly that he was locked up in jail.

Dalton, Ga., July 2.—Between 1 and 2 o'clock Monday morning a quiet but determined crowd of masked men marched in an orderly manner to the Waitfield county jail and demanded Dock Posey, the self-confessed outrager of his little 9-year-old step-daughter.

Covered by guns in the hands of every member of the crowd, Jailer Britton was compelled to surrender the keys. Entering the jail the crowd went to the cell occupied by Posey, secured him, and placing him in a buggy, drove to the Gordon steret viaduct and hanged him to a crossbar.

Crowd Was Orderly.

There was absolutely no confusion in the crowd. Marching in double file they left the jail. The crowd then collected several policemen and forced them to accompany them. Not a single shot was fired, and Posey was left hanging for the citizens to find Monday morning at 6:30 o'clock. The body was cut down.

Before the hanging the prisoner was asked if he committed the crime and why he did it. He answered that he was guilty, but that he did not intend to harm the girl.

At this the crowd hooted and with the words:

"Die with a lie in your mouth!"

The buggy was driven from under him and he was left swaying to and fro to slowly choke to death.

On the way to the viaduct Posey asked the crowd to pray for him, and he met his fate without a single outcry.

Crime Stirred City with Horror.

The crime struck the entire city with horror. Never before has there been such an outrage in the county as that committed by Posey. After raping the young girl he himself brought her to the city and accused another man of the outrage.

The wife of Posey asserts that in the week before an attempt was made to outrage her older daughter by Posey, but nothing was done at that time.

The young victim was in a very critical condition, but this morning (Monday) she was greatly improved and strong hopes are held out for her ultimate recovery.

Posey had been living in this county only one week, having moved here from Walker county. He lived in one of the section houses at Rocky Face.

FIRE SWEEPS TEXAS TOWN.

Losses at Mineral Wells Will Total Over $100,000.

Montgomery, Ala., July 2.—Mineral Wells, with nearly 10,000 visitors, from all over the south, was threatened with total destruction by fire Saturday night.

The fire started in the skating rink of the Palace Amusement company, a new $5,000 structure just completed, but not yet opened. From there the fire spread to the Mineral Wells sanitarium, a four-story, brick building, filled with patients. These were all moved out and no loss of life is reported. The mineral Wells hotel house, which was empty at the time, was totally destroyed, as were the Lithia pavilion and part of the Worn hotel.

About thirty small frame structures were also burned. It is impossible to secure correctly the officials losses and the insurance.

The total loss will foot up over a hundred thousand dollars. There was no loss of life, and the Crazy Well and Carlsbad Wells were saved.

NEW TERMINAL IS OPENED.

First Passenger Train Steams Into Birmingham's New Station.

Birmingham, Ala., July 2.—The first passenger train steamed into the new union terminal station on Fifth avenue Sunday night. It was a Southern railway accommodation from Selma, and its entrance formally inaugurated the changed service at the new station.

The terminal is yet far from completed and temporary arrangements have been made for using only the south end. Beginning Monday the Southern, 'Frisco, Seaboard Air Line, Queen and Crescent and Central of Georgia will run all trains into the new station. The Louisville and Nashville will remain at the old union depot which is owned by that company.

Several thousand people were at the new station to welcome the first train, although the event was characterized by no ceremony whatever.

KILLED WHILE PRAYING.

Little Girl Chased Into Church and Slain by Madman.

Geneva, Switzerland, July 2.—Herr tragedy occurred in the village of Hauteville. The victim was a pretty little girl of 12.

A young tradesman of weak intellect went suddenly mad, and, seeing the child, chased her down the street. She fled from him in terror, and, at length, becoming exhausted, darted into a wayside church.

There, sobbing deeply, she fell on her knees before the statue of the Madonna. She joined her hands together, and prayed piteously for protection.

The madman, disregarding her entreaties, struck her savagely with a chair, and killed her.

He was afterwards arrested with difficulty and taken to a lunatic asylum.

Would Go to Leper Island.

Oakland, Calif., July 2.—A sensation has been sprung here by the announcement that Mrs. French, wife of Colonel French, the Salvation Army commandant of the Pacific coast, has offered to go to the leper island of Molokai for mission work and has expressed a willingness to consecrate her life to the cause. Colonel and Mrs. French have five children.

Noted Temperance Man Dead.

CHILEAN VOLCANO DOES GREAT DAMAGE

Stopped Course of River With Immense Dam of Rocks,

FOURTEEN PERSONS LOSE LIVES

Immense Lake Formed by the Damming of River, the Waters of Which Fills the Valley Up to the Crater of the Volcano.

Valparaiso, Chile, July 2.—A volcano which has appeared in La Union district of the Province of Valdivia stopped the course of the Pajaguin river with an immense stone dam.

An extensive lake soon formed the waters of which filled the valley up to the crater.

Soon after, the water began to boil, and as it continued to rise, its pressure swept the dam away, inundating the neighboring country.

Everything living was killed.

Fourteen corpses have been found among the stranded debris.

The new volcano lies close to Mocho Puychue and Pillen volcanoes.

Volcano Spouts Boiling Water.

Santiago, Chile, July 2.—Valdivia dispatches report that the Rinihue volcano, the crater of which is now larger, is ejecting huge columns of boiling water, which, together with stones and ashes, has caused the death of 15 Indian families and many head of cattle.

POLICE CHARGE STRIKERS.

Striking Delivery Wagon Drivers Create Street Disturbances.

New York, July 2.—Police reserves were called to quell several street disorders early Monday, when the American Ice company made an effort to break the strike of the delivery wagon drivers. The company hired several score of strike-breakers and issued an ultimatum that if the strikers did not return to work Monday, the new men would be put in their places.

When two wagons driven by strike breakers drove from the company's pier on East river early Monday a crowd of men set upon the drivers, using clubs and bricks. The police charged the crowd which finally fell back. Two policemen were then assigned to each wagon.

More trouble occurred on Avenue C, when a score of men set upon a driver but were beaten off by the police.

One hundred and fifty police reserves have been detailed to prevent disorder arising at the companyy's pier, where the ice is discharged from the boats.

The ice company declares that the strike is broken and that it can employ all the men needed to fill positions of the strikers.

BILL WILL BE REPEALED.

Reported Alabama Foreign Money Tax Bill To Be Repealed.

Montgomery, Ala., July 2.—It is reported here that on what seems to be the best authority, the foreign money tax bill, about which the business men have made so much complaint, will be repealed with the consent of the governor.

It is also reported that there will be no serious effort made to pass the bill requiring foreign insurance companies to invest a certain part of their Alabama receipts in Alabama.

Deficit in Pension Fund.

Atlanta, July 2.—The report of Pension Commissioner J. W. Lindsey, covering the period from January 1, 1906, to June 1, 1907, just made to the governor, calls attention to a deficit in the pension fund for 1907 of $42,500 which will have to be supplied by an appropriation made by the legislature. This deficit, Commissioner Lindsey states, was caused by the last [illegible] recommendations [illegible] and cutting [illegible] for each of the [illegible] by $20,00[illegible] practically [illegible] the entire [illegible].

SAVANNAH IS STIRRED UP.

Prospects of State Prohibition Causes Great Interest.

Savannah, Ga., July 2.—Savannah naturally being a city of many saloons, is taking a deep interest in the fight that is to be made in the state legislature for state prohibition.

This interest, however, is not all on the side of the saloon men and those who favor the sale of liquor in such counties as may choose under local option to sanction the traffic. There is an anti-saloon league here that has considerable strength, and among the members are a number of a decidedly militant character.

A fund is being raised by the friends of local option to carry on a campaign for that policy, and to oppose the state prohibition measure in the legislature. The saloon men will not alone be the subscribers, for there is a considerable element of Savannah's population that takes the view that the material progress of the city will be sadly impeded should the sale of liquor be prohibited. Because this is a seaport, many urge that it would be ruinous to declare prohibition.

No definite plans for the fight against prohibition have yet been announced, but it seems certain that the interests here that oppose it will not remain idle when there is work to be done if they are to prevail. The prohibitionists, on the other hand, are organized and are at work.

The city has issued 234 liquor licenses this year. More than $50,000 a year is paid into the city treasury each year for liquor licenses. Therefore, it may be seen that the city finances will have to be subjected to some figuring by the authorities if prohibition prevails.

COUNT NIGRA DEAD.

He Was Dean of the Italian Diplomats in 1828.

Rome, July 1.—Count Constantine Nigra, dean of the Italian diplomats is dead. He was born in 1828, served as a volunteer in the war against Austria in 1848 and was secretary of Count Cavour at the congress of Paris in 1856. Subsequently he was appointed minister of Sardinia and later of Italy at Paris and Sept. 4, 1870, he was one of the small number of friends of the court who gathered at the Tuilleries for the protection of Empress Eugenie, whom he did not leave until she was safe out of Paris.

In 1876 Count Nigra was appointed ambassador at St. Petersburg; in 1882 he represented Italy at the court of St. James, and in 1887 he was appointed ambassador to Austria, which post he held until 1903. Recently the count had been suffering from pneumonia, and the ex-empress of France, recalling the count's devotion to her in 1870, made inquiries regarding him..

STRANGEST CASE ON RECORD.

For Four Years Man Was Unable to Recall His Early Life.

New York, July 2.—Charles F. or who wandered away from home and family four years ago and was found recently working in a dyeing and cleaning establishment at Plainfield, came to a realization of his surroundings Sunday.

Brewin, who is supposed to have been a sufferer from aphasia, has been unable to recall his early life. Sunday Dr. Ingham, a Burlington physician, and his father, called upon Brewin. Both had known the sufferer years ago. At sight of them Brewin started, "something broke in his head," as he put it, and a flood of light illumined the past. He thought he had left home the day before. He asked for members of his family and begged to be taken to them at once.

Strikers Return to Work.

New York, July 2.—The longshoremen of the Cunard line pier who struck Sunday when the steamship Umbria arrived to force the company to pay them 60 cents instead of 55 cents an hour for Sunday work, returned to work Monday. Their demand was not granted. Chairman Connors of the Longshoremen's union said that he was at a loss to explain the action of the discontented longshoremen, and that the union did not countenance the strike.

JURY HAS ACQUITTED JUDGE W. G. LOVING

Returned Verdict After Being Out 40 Minutes.

JUDGE LOVING SHEDS TEARS

Celebrated Case In Virginia Comes to a Close With the Acquittal of the Man Who Killed Young Estes in Virginia.

Houston, Va., July 2.—After being in the jury room thirty minutes the jury Saturday avening returned a verdict of "not guilty" in the case of former Judge William G. Loving, of Nelson county, and manager of the Virginia estate of Thomas F. Ryan, who was placed on trial here last Monday before the circuit court of Halifax, Judge William R. Barksdale presiding, for the murder of Theodore Estes, son of Sheriff M. K. Estes, of Nelson county.

Judge Loving shot and killed young Estes on April 22, at Oak Ridge, following a buggy ride Estes had taken with the judge's daughter, Miss Elizabeth Loving, who told her father that her escort had drugged and assaulted her.

Quick Verdict Reached.

The jury retired at 4:45 o'clock, and from that time until the verdict was returned the defendant remained in the seat he had occupied since the trial began, and surrounded by the members of his immediate family with the exception of his daughter, Elizabeth, who was not present.

At 5:15 o'clock a loud knock was heard on the door of the jury room, and Judge Barksdale, who had taken his seat on the bench, ordered the sheriff to preserve order and cautioned the large crowd that had remained to not give vent to their emotions when the verdict was announced. The verdict of acquittal was read by Foreman B. S. McCraw.

Judge Barksdale thanked the jurors for the attendance upon the court at great sacrifice. He declared that he believed the verdict was in accordance with the conscientious views of the jury. After the jury had been discharged, Judge Loving, his wife and other relatives shook hands with and thanked each juror.

Judge Loving in Tears.

Tears streamed from the eyes of the defendant and his wife. Judge Loving was congratulated by many of his friends present, though in accordance with the warning of Judge Barksdale there was no noisy demonstration.

CANCEL ORDERS FOR JUGS.

Belief Prevalent That State Prohibition Is Coming.

Augusta, Ga., July 2.—As a result of the belief that the state legislature, both branches of which are controlled by Prohibitionists, will, at the present session, pass a prohibition measure, two of the largest potteries in the state, whose product was confined almost exclusively to jugs for the liquor trade, has closed down here, and since the legislature convened orders for more than 25,000 jugs have been canceled, and a wood-working establishment having orders for bar fixtures worth $20,000, received a telegram canceling them.

Stabbed with Pocket Knife.

PHILLIP JOHNSON IS OUT ON BOND

Arraigned in City and County Courts But Met Conditions.

ALLEGED WALKING "TIGER"

Has Successfully Eluded the Prison Bars, With Exception of the Time He Was Held Before Trial—Trial Will Come Before Circuit Court.

Notwithstanding that Phillip Johnson, colored was arrested Saturday night by Marshal Arnow, that official declaring that he saw Johnson dispose of a pint of "booze" to another negro, for which he received sixty-five cents, it seems that Johnson has determined to put the case off, and that he does not propose to remain in jail in the meantime.

Arraigned in two courts, with a [illegible] attorney behind him, Johnson has so far eluded the dark prison cell except for Saturday night and Sunday, and it looks as though he has yet the top notch of advantage, though it may appear different when the case comes to a fine point in the circuit court.

Johnson was to have been arraigned in the city court Monday morning. He was brought before the court, but failed for his appearance Tuesday when the case was postponed. Tuesday he was again arraigned, plead not guilty, but the evidence was of such a nature that he was held under bonds and costs. Through his attorney, Frank Hatle, Johnson filed bond, and gave bond in the sum [illegible].

Upon the release of the defendant he was again arrested by the county officers, being taken before Justice [illegible]. At this hearing the defendant waived examination for his appearance before the grand jury at the fall term of the circuit court, giving a second bond in the sum of $250. This bond and the case until the setting of the grand jury in November.

THE GUARDS WILL INVADE METROPOLIS

Captain Blanding Accepts Invitation to be With Jacksonville.

A BIG COMPANY WILL GO

Captain Expects to Take a Large and Well-drilled Company to Participate in Exercises of the Glorious Fourth in Florida's Metropolis.

The Gainesville Guards are going to Jacksonville to participate in the grand gala day exercises in that city, at Dixieland Park and elsewhere, on the Glorious Fourth.

That is good news to the local soldier boys, who have been hoping all along that the commanding officer, Captain J. W. Blanding, would accept the invitation which had been extended to the company to "get in the swim" with the Jacksonville militia on the Fourth, which invitation said would be the "swellest Fourth" Jacksonville, or any other city of the same population, had ever seen, regardless of sectional location.

Captain Blanding, in consultation with the commissioned and non-commissioned officers, decided finally to accept the invitation, with the result that there will leave here Thursday morning over the Seaboard Air Line one of the largest and jolliest military aggregations that ever left any town the size of Gainesville.

The company will spend the Fourth and part of the 5th in Jacksonville, returning home on either the noon or night train of Friday.

The Guards have all prospects now of taking a large company. The boys are well drilled, efficient in the manual of arms, and altogether will make a show which will be a credit not only to the company, but the city and the State.

An Appreciated Treat.

Newberry Is Growing.

Thomas Swindal of Newberry, a prominent citizen and liveryman of that town, was a business visitor to this city yesterday. He reports Newberry on a "regular boom" since the recent fire, as many handsome buildings of brick are either going up or have been contracted for. The class of buildings is not only substantial, but modern, and Newberry in the end will prove benefited by the fire, although it came as a blow.

FIRST DAY'S AUCTION WAS A BIG SUCCESS

A Number of Lots Were Sold, and Great Bargains Secured.

A GOOD CROWD ATTENDED

Notwithstanding the Early Hour at Which the Auction Was Called, Many Interested Went Out to Sale. Bowden and Warrick, Auctioneers.

The auction sale of College Park lots yesterday developed a great deal of interest, and was at times quite lively. A good sized crowd assembled for both the morning and afternoon sales, and at times the bidding was quite spirited. A large number of lots were disposed of, and in most cases those who purchased lots got them at a price which will be apt to yield a good profit on the investment in a short time.

The concerts by the military band at the court house square and on the grounds were thoroughly enjoyed by the crowd. The same program will be carried out today. The first sale today will begin at 10 o'clock this morning, and the second sale for the day will be held at 4 o'clock this afternoon. Mr. J. E. T. Bowden and Col. R. J. Warrick, those veterans at the business, who conducted the sales with so much skill yesterday, will be in charge again today. The crowd will be assured of plenty of fun and music. A large number of cut glass and sterling silver presents will be given away.

An extra large crowd should attend the morning sale today. This may be the last opportunity for several years to secure a valuable lot in Gainesville on such attractive terms—$10 down and $10 per month.

THE FORDS WILL LEAVE.

The Supreme Court in Savannah on Monday granted a decree a divorce to Mrs. Ella Hubbard upon grounds of cruelty and other unnatural practices. Evidently with Ella we could not be married.

The Georgia expedition sent out to capture, if reported to be making good time. This is good news to the entire country as it is from that state Secretary Taft expected the most trouble on account of suppressed feeling.

After a week's attempt trial, Colonel C. Loring of Virginia, was found guilty on the charge of manslaughter and sentenced to one year in the penitentiary. The jury "hit" the penalty plan, and the first case of the kind in the history of the country.

Our Georgia friends seem very much pleased over the State prohibition law, which was the first measure introduced in the legislature of that state. The ducks are said to be waving their bills and quacking their tails. Everything with feet, fins or wings in the Georgia Legislature will be governed by prohibitionists.

Preparations is rapidly growing to a close at the landing South Atlantic port, the month of June in point of value being the largest that port has ever enjoyed. The whole State will congratulate Jacksonville on this showing, as indirectly this is a benefit to all Florida.

The New York Tribune in response to the statement that a commission form of government in that city, located in the heart of town, and in the brand-open country, carried away $5,000 worth of goods which they had purchased the previous day with bogus checks, and successfully made their escape. Any city shrewd enough to elude the officers and accomplish their purpose in a city like New York are entitled to get away, and should be presented with a gold medal for this eggstraordinary boldness.

The optimistic view of Chairman Knapp of the Interstate Commerce Commission that an area of peace between the corporations and the people is dawning is all nonsense. Mr. Knapp says the railroads are accepting the situation and that, "any further legislation will have the approval of railroad men as well as the public." If Chairman Knapp really believes what he says, he evidently does not understand the railroad question, which at present are to lie low and take what small knocks are coming to them from the Commission by virtue of the very imperfect law passed by the last Congress. The coming Congress is not expected to add any drastic legislation, for President Roosevelt has decided to rest upon his laurels, except to try to take from the States their present power to control common carriers within their borders and so make the general Government supreme, and in that the railroads agree with him, but the majority of the people never should acquiesce, for they would lose the only power they possess of real railroad control.

WASHINGTON LETTER

Congress took the President's message in a very sensible and patriotic manner. It was a comprehensive document and dealt with the situation as it is. The President is a practical man and he knows that the material interests of the country must be safeguarded if we are to continue to prosper as a nation. The first session of the present Congress will be a busy one. There will be a number of local matters to be attended to, but the principal work will be the framing of legislation for which Congress authorized the last Administration to take up at the last session. The work of the extraordinary session of the present Congress will probably be confined to the revision of the tariff and the currency. The tariff revision will be the most important work of the session. The President has recommended that the tariff be revised by a commission of experts, but I do not believe that Congress will adopt this suggestion. Congress will want to do the work itself. The Republican party is pledged to a revision of the tariff and Congress will be expected to do the work. The Democrats will be on hand to see that the revision is made in the interest of the consumer and not in the interest of the manufacturer. The Democrats will probably insist that the tariff be revised on the basis of the difference in the cost of production at home and abroad, plus a reasonable profit to the manufacturer. This is the principle upon which the Democratic party has been fighting for years. It is the principle that the Democratic party will insist upon in the coming campaign. The Democrats will probably insist that the tariff be revised by a commission of experts, but I do not believe that Congress will adopt this suggestion. Congress will want to do the work itself. After Secretary Root's conferences with the President Secretary Root has arranged to make a tour of South America. One of the most important points he will discuss will be the consummation of a commercial arrangement with France. It will be understood that this is nothing so formal as a treaty or even a convention. It is just an arrangement. The President has become tired of sending treaties to the Senate and having them pigeonholed and the result is that the most of our commercial relations with other powers are being made by documents that do not have to go to Congress for approval. This is excessive usurpation of the legislative function of course. But it has worked so far and the country has been the better off for it. The Senate deliberates until the cracks of doom, or adjournment, which is the same thing.

France has been very anxious to conclude some commercial arrangement with this country that will be as satisfactory to that recently entered into by the United States with Germany. Ambassador Jusserand, the French representative in Washington, has gone over the subject carefully with Secretary Root and the plan that has been decided on between them is believed to be as good a one as can be secured under present tariff conditions.

Army and navy officers do not often confess any interest in the performances of a mere "showman," but there is a deal of talk in both departments over the performance of Lincoln Beachey, the young aeronaut, who last week sailed in an airship over Fort Wadsworth outside of New York City and dropped some paper "bombs" among the big guns, enough had they been cans of dynamite, to have blown the whole fort out into the Narrows. It was merely a show ascent from one of the summer amusement parks done by Beachey did not even take the management into his confidence as to what he intended to do. But he carried along with him several big paper balls weighted just enough to fall straight. His course took him over Fort Wadsworth and he tossed the "bombs" into the fort from a safe elevation of nearly 2,000 feet. It just showed what an airship could do to a fort or a fleet under service conditions and has set the whole of the War Department talking dirigible balloons in a way that they have not been talking since Santos Dumont made his first successful flight. An interesting question has come up before the plant food chief of the Department of Agriculture is what constitutes "corn belt" land. There is an immense amount of unsalted land in the United States, by far the most of it never saw Scotland and some that is made there would not be allowed to be sold in England on the ground of impurities. Some of the importers have raised the question with the Department of Agriculture and a decision on the subject is awaited with great interest. Meantime the average citizen will continue to drink Scotch and rye without questioning their nativity.

The Immigration Edition of The Industrial Record is now on the press and will be out in a few days. It will contain a hundred pages and it goes without saying, judging from other efforts of that excellent paper, that it will be a grand success.

ADAM IVEY WAS BAD TO WIFE

Man Arrested for Perjury Held Under Bond for Grand Jury.

FISH ENTRAILS IN WIFE'S FACE

According to His Own Testimony, He Had Not Treated Her Just Right at Times, But Was Provoked—Story Told by Both Man and Woman.

Adam Ivey, charged with perjury by his wife, Mary Ivey, occupied the attention of the County Judge's Court Tuesday morning, and attracted a large number of people interested in the case, either directly or indirectly.

Several days ago Adam was arrested at the instigation of his wife upon a charge of perjury, the wife stating that the defendant, her former husband, had sworn falsely in certain allegations in divorce proceedings, the said divorce having been granted by these sworn statements, and without the knowledge of the plaintiff, Mary Ivey.

Ivey was placed under a bond of $500 for his appearance in the court on Tuesday at the time of his arrest, and he was there, "Johnny on the spot," so to speak. His wife was there too and with her were a number of her female friends, with the result that things got rather warm and exciting before the hearing was at an end.

The only witnesses placed upon the stand were Ivey and his wife, both of whom naturally told different stories. Ivey admitted that it might be possible at times that he did not treat his wife with the courtesy which a husband should treat her, admitting that, after being pressed by State Attorney Rivers, he threw a vessel containing fish entrails at her, while she was in bed, giving as his reason that he was "a little provoked" at some action of the woman's.

After hearing the evidence of both parties, Judge Mason placed the defendant under a bond of $300 for his appearance before the grand jury at the fall term of the court, this bond being $200 less than that required at his arrest.

Attorney Geo. W. Scofield represented the defendant.

WOMEN KILLED BY CPERATIVE

Meisheimer Had Been Drinking and Quarreled Over Seat at Table.

Lynchburg, Va., July 2.—Joseph Meisheimer, a weaver at the Lynchburg cotton mill, Sunday night shot and killed Mrs. Charlie Walker, with whom he boarded, killing her instantly, and probably fatally shot Mrs. Walker's mother, Mrs. Martha Drewry, aged about 50 years.

It is believed the man turned the weapon on himself, but he managed to escape in the darkness, before the husband of the dead woman knew what had taken place. A vigorous search is being made for the man.

Meisheimer had been drinking and, as far as can be learned, the trouble seems to have been over the fact that Mrs. Walker allowed another boarder to occupy his seat at the supper table. Words followed, and Meisheimer drew his gun and began firing, both of his shots taking effect. Meisheimer came here five years ago from Salisbury, N. C.

New World Record Made.

Rome, July 2.—Count Constantine Walsh, of the Irish-American Athletic Club, made a new world's record with the 56-pound weight Saturday at Celtic Park. A. Williams, of the Xavier Athletic club, and Walsh were the only competitors in the 56-pound weight event. Williams had six feet handicap, but the best he could do was to throw the weight 8 feet, while Walsh threw it 15 feet, 2½ inches, smashing his own record of 15 feet, 9 inches.

...ROBBED BY POCKPOCKET.

...Worth, Bookmaker, is Touched for $6,250.

New York, July 3.—A pickpocket secured the richest haul that has resulted from the Brooklyn bridge crush for a long time, when he secured $6,250 from the pocket of Peter Worth, a bookmaker. The money was not recovered, but George Howard was arrested on complaint of Worth, and is charged with having jostled him.

The platform at the Manhattan end of the bridge was densely crowded with passengers bound to the races, when Worth attempted to board a train. He declared that he was roughly jostled by Howard, and at the same time felt his purse extracted from his pocket. Howard boarded the train, but the police stopped it long enough to arrest him. The money was not in his possession.

Breaking Excuses.

Excuses for drinking are always at hand. Here are the five familiar ones:

Good wine a friend or being dry,
Or lest we should be by and by—
Or any other reason why.

If they don't suffice one can always fall back upon Dr. Sam Johnson's, "He who makes a beast of himself gets rid of the pain of being a man." On the other hand, here are three reasons, one of them cogent, that a Russian gave for not drinking:

"First.—I can't drink, for I've just lost a near relative. Second (when much pressed).—No, I really can't. You know I'm president of a temperance society. Third (when he was much more pressed).—No, I can't, indeed. I've just had four or five cocktails."—Boston Globe.

A Dog's Jealousy.

Trina is a huge St. Bernard who has his own ideas as to his importance. Whenever he wishes to attract attention he knocks his water pail over and then rolls it around growling at it and making a great fuss. Then he puts his head in and throws the pail high in the air, batting at it with his paws as it comes down. If this does not have the desired effect he picks up the pail by the handle and takes it into the barn, where the noise is increased by far owing to the wooden floor. This performance is given whenever the horse is petted or when strangers come to the house.—Chicago Tribune.

Greenwich Observatory.

In the year 1675 King Charles II of England founded the royal observatory at Greenwich in order that astronomical observations might be made for the assistance of sailors. The history of the observatory has been the history of chronology and of the practical side of astronomy. Its work and its standards have become distinctly international. The meridian of Greenwich now determines the longitude of the world.

J. L. Arnow, a merchant of Crystal River, has returned to his home, after a brief business trip to this city. Mr. Arnow is a native of Alachua county, having been born and reared in Micanopy, and is quite a popular young man. He has recently embarked in the mercantile business at Crystal River, and his friends predict for him great success.

Friends of Mrs. H. G. Rembert will be gratified at the information that, after a long spell of typhoid fever, she is enabled to come out again. She has been taking invigorating drives for the past few days, which has given her great vitality, and in a few days she will be enabled to walk again with a degree of certainty. Mrs. Rembert has been one of the most severe sufferers from typhoid.

The burglar man is in our midst. He may visit you. Are you prepared? There is no protection in locked doors, so-called burglar-proof safes, watchmen, burglar alarms or watch dogs. They are merely precautions. Precaution is expensive, but does not afford protection. Protection is afforded only by the Burglar Insurance Policy of The United States Fidelity & Guaranty Co., the largest burglary insurance company in the world. Ferd Bayer, General Agent, No. 104 West Main street.
